THREE IMPORTANT "WHAT'S"

Your safety depends on three things:

1. What you think about it.
Do you actually believe with honest enthusiasm in the safe way as being a good lifetime investment?
2. What you know about it.
Does your knowledge of the work you do include all of its hazards, too?
3. What you do about it.
Do you apply your safety knowledge and thoughts with 100 per cent consistency?

Why not make THINK, KNOW and DO your insurance policy of safety?
